

Wordle Project

Choose 10 words about Earth Day. You can use the words below or choose your own. Put the words in order of importance to you from 1 Most Important to 10 Least Important. If you choose your own words, be sure to put a ~ if you use a phrase so that the words stay together. The ~ sign is to the left of the number 1 on your keyboard.

Possible words: Earth, planet, recycle, reuse, reduce, water, trash, air, pollution, world, future, next~generation, save, ecology.

Required: Earth~Day

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____

Open the Internet Browser and go to <http://www.wordle.net>

When the web site opens, click **Create**

Paste in the words from your list. Note: you can type in a string of text such as all the words you want to repeat 7 times.. Then, highlight the words, hold down control C to copy them and next control V to paste it. Hit control V as many times as you want the text to be pasted.

Paste Earth~Day 10 times.

Paste the words from lines 1 through 3 a total of 7 times.

Paste the words from lines 4 through 7 a total of 5 times.

Paste the words from lines 8 through 10 a total of 3 times.

Click Go

Experiment with Randomize.

Experiment changing the Font, the Layout, the Color.

Options after your work is created;

1. Print the Wordle
2. Save it to the public gallery
3. Use the PrintScreen command and insert it in a document or to save it as a jpg
